[Despatch Abstract.]

Education - Teachers - opening of a Teachers Elementary School at Mooker in South Kanara District - proposal of the D. P. - Part II Scheme for 1952 - 53 - Approved

Office of the Director of Fisheries
No.2040-C3/51 Kilpauk, Madras d/8-10-51.

Dev 111673 C/51
15-10-51

From

Sri K.N. Anantaraman, I.C.S.,
Director of Fisheries,
Kilpauk, Madras.

To

The Secretary to Government,
Development Department,
Madras.

Sir,

'Sub:-Education - Fisheries School - Elementary - new'- opening of at Moolur, South Kanara District - proposals - part II scheme for 1952-53 - 'submission of - regarding -

The fishermen of Moolur village in Udipi Taluk of South Kanara District submitted a petition(copy enclosed) vide Anx. requesting this Department to open a Fisheries Elementary school in their village, as long ago as 1947, and were pressing since then for early action. As there was delay in getting sanction of the Education Department for the opening of the school, the proposal could not be submitted earlier. The Divisional Inspector of Schools, Coimbatore Division, Coimbatore in his proceedings No.Dis.214/51 dated 7-3-51 (copy enclosed vide Annexure II) has permitted the opening of a Fisheries school at Moolur, by this department on condition that all fisherfolk children are admitted in the school.

Moolur is a village between Kaup in the North and Yermal in the South at a distance of 1½ and 2 miles respectively. There are about 75 families of fishermen in the village with about 170 school going children. Though fisheries schools are in existence both at Kaup and Yermal, the fisherfolk of Moolur are not willing to send their small children for either of those schools in view of the long distance. Conditions are especially difficult for them during monsoon and during heavy rains and floods.

The fishermen have themselves constructed a pucca building for accommodating about 140 pupils in the village and they are prepared to place it at the disposal of this department for housing the school on a rent to be fixed by the P.W.D. They are also prepared to place at the disposal of this department articles of furniture worth Rs.500 free of cost. A copy of their letter dated 20-8-48 to this effect is enclosed Vide Annexure III.

The Assistant Director, Mangalore who was intimated to investigate the possibilities of opening of a Fisheries Elementary School at Moolur, has reported that there are about 170 school going children of which 89 are attending the Kaup Fisheries Elementary School and the neighbouring Mission school and that the others are not provided with education due to the nonexistance of a school in the village itself. While endorsing the other difficulties of the villagers enunciated in the foregoing paragraphs, the Assistant Director has also reported that if the school is opened all the fisher children may attend this school. In addition about 15 to 20 harijan children from the neighbouring Harijan colony half a mile away from Moolur could be expected to join the school.

On the whole a strength of about 100 children can be expected immediately on opening the school and this may rise to 130 to 140 within the first two years.

(P.T.O.)

2/

The school can be run in the building that will be offered by the villagers, the rent for which may not exceed Rs.35/- p.m. The exact rent will be got fixed by the P.W.D. Three Higher Elementary Grade teachers on Rs.30-1-50 p.m. will have to be appointed. The financial implications involved in this scheme comes to Rs.2,200/- recurring and Rs.500/- non-recurring as detailed below:

Recurring

	Rs.
Pay for 3 Higher Elementary Teachers on Rs.30-1-50 p.m.	1080-0-0
Special pay for Head Master @ Rs.2/- p.m.	24-0-0
D.A. for 3 teachers @ Rs.19/- p.m.	684-0-0
Rent on school building @ Rs.35/- p.m.	420-0-0
	2208-0-0
	or
	2200/-

Non-recurring

Books, teaching appliances and furniture.	Rs. 500/-

I request Government may be pleased to treat this as part II scheme for 1952-53 and sanction the opening of the school.

for Director of Fisheries, Madras.

FIRA/VI.10.

Encls:

I

Copy of petition from the Mogaveera Fishermen Community of Mulur village, Udipi Taluq, Post Uchila, South Kanara District, to the Deputy Director of Fisheries, Madras, through the Inspector of Fisheries, Mangalore.-

We, the undersigned representing the Mogaveera Fishermen Community of Mulur village, Udipi Taluk, South Kanara District, most respectfully beg to submit as under.

That there are in our village about 75 houses of our community people. The main profession of all these members is fishing alone.

That there are over 150 children of the school going age in our village. But for want of a fisheries school in the midst of our village, it has handicapped most of them, so much so, they have no education at all.

That on the South there is Yermal Fisheries school, which is at a distance of two miles. The Kaup fisheries school to the north, lies at a distance of about 1½ miles. Thus we find it most inconvenient to send out young children to any of the above two schools. It is very difficult also during the monsoon times, and during heavy rains and floods.

That to the east of our village, about half a mile distance, there is a Mission School. In this school nothing is taught as regards fisheries, and even the Hindu children are compelled to attend their Bible classes, and as such we are not prepared to send our children to the said school.

Hence we request that the fisheries Department, will open a fisheries school in our village, and in our midst, so that we may be able to educate our children in our Art. In the event a fisheries school is opened we are prepared to construct a suitable building for its location.

For which act of kindness we shall ever remain grateful.

RA/11.10.

II

Copy of proceedings of the Divisional Inspector of Schools, Coimbatore Division Dis.214/51 dated 7-3-51.

Sub:-Elementary Education- Opening of a fisheries school at Moolur, Udipi, South Kanara District - permission sought for-orders passed.

Read:-1. Letter dated 22-2-51 from the Secretary, The Moolur Mogaveera Sabha, Udipi.

2. Endt.N.Roc.11485-E2/50 dated 26-2-51 of the Dt.Edl.Officer South Kanara.

Permission is hereby granted to open a Fishery School at Mooloor by the Government Fisheries Department with effect from the date of actual opening of the school or from the date of this Proceedings whichever is later on condition that all Fisherfolk children are admitted in the school.

A.P.G. Menon,
Divisional Inspector of Schools,
Coimbatore Division.

(P.T.O.)

-2- III

Copy of mass petition dated 20-8-1948 from the Secretary, Moolur Mogaveera Sabha to the Inspector of Fisheries, Mangalore.

We are very anxious to have a fisheries school in our village. Since submitting our petition for opening a school, we have complet a building to accommodate about 140 pupils. We are prepared to place this at the disposal of the department for the rent fixed by the P.W.D. Besides this we have got all the articles of furniture required for the school worth about Rs.500/- . Knowing that the finances of the Government have been drained by the introduction of Prohibition we are prepared to place these articles at the disposal of the Department free of cost for the use of this school. We pray that the school may be opened at an early date.'

EXPLANATORY NOTE.

Moolur is a village between Kaup in the North and Yermal in the South at a distance of 1½ and 2 miles from those places respectively in South Kanara district. The Director of Fisheries has stated that there are about 75 families of fishermen with about 170 children of school-going age. Out of 170 children in the village only about 89 are attending the neighbouring schools and the others are not provided with education due to the non-existence of a school in the village itself. Though fisheries schools are in existence both at Kaup and Yermal, the fisherfolk of Moolur are not willing to send their small children for either of these schools in view of the long distance. It is stated that conditions are especially difficult for them during monsoon and during heavy rains and floods. The Director of Fisheries has stated that the fishermen of Moolur have been pressing ever since 1947 to open a Fisheries Elementary School in the village, that they have themselves constructed a pakka building for accommodating about 140 pupils in the village and that they are prepared to place it at the disposal of the Department for housing the school on a rent to be fixed by the Public Works Department. He has stated that the villagers are also prepared to place at the disposal of the Department articles of furniture worth about Rs. 500 free of cost. The Divisional Inspector of Schools, Coimbatore, has permitted the opening of a Fisheries Elementary School in the village. The Director of Fisheries has stated that about 15 to 20 Harijan children from a neighbouring colony half a mile away from Moolur could be expected to join the school, that on the whole a strength of about 100 children can be expected immediately on opening the school and that this may rise to 130 to 140 within the first two years.

The Director of Fisheries has therefore proposed the opening of a Fisheries Elementary School at Moolur in 1952–53 with a staff of three Higher Elementary Grade teachers. A non-recurring expenditure of Rs. 500 is required for the purchase of books, furniture, etc. This Department supports the proposal of the Director of Fisheries and recommends that necessary provision may be made in the Budget Estimate, 1952–53, as shown in the summary above.

S. ARULDOSS,
Deputy Secretary to Government.
